Affordable answers to your dental questions . The definition of dental is anything relating to the teeth, and when it's pain you are talking about, it's not a good sign. And dental pain never happens conveniently during business hours. When something isn't right in your mouth, you need your dental questions answered right away.

### **Dental Care Questions And Answers**

The correct answer is: Acid. Explanation: Tooth decay occurs when foods containing carbohydrates (sugars and starches) are left on the teeth. Bacteria that live in the mouth digest these foods, turning them into acids. The bacteria, acid, food debris, and saliva combine to form plaque, which clings to the teeth.
